BE SAFE WHILE DRIVING !

You're safety is in your **HAND!**

REMEMBER!

You can't control the actions of others.

BSP SAFETY DAY

20/6/2013 – BSP Safety day was held to promote the prevention of occupational accidents. It is an awareness-raising campaign intended to focus international attention on emerging trends in the field of occupational safety and health and on the magnitude of work-related injuries, and fatalities worldwide. It was held at SMR conference room. There were all sorts of activities provided which involved in the safety management sector. Lantana staff surely shine in competing on that day as most of the prizes was won by them. That definitely shows how lantana people can work and cope with other companies staff.

Congratulations to the winner who participated in this occasion. Excellent Job!

Farewell

Every beginning has an end. As a while ago we welcomed them now we are saying goodbyes to them. This event is bitter-sweet occasion. Their presence here sure has made this event more remarkable and memorable.

To Wardah & Jiaming do come and visit us soon. And Good Luck on your studies.

LFI Gas Leakage

2013-06-17- A session has been organized to discuss an incident which happened a month ago. Representatives from different contractors participated on the said event. The idea is to come up

with a mitigation from reoccurring again. The cause and effect, recommendations, lesson learnt and action plans has been converse and agreed to cascade to all fleet.

Best Pakat of The Month

There was one marine crew fixing the steel food cover using a knife and without wearing hand glove. I stopped him and asked him to wear a hand protection if using sharp things and also asked him to use a correct tools for the job and he agreed. - Muhammad Alauddin Bin Mohammad - OS (SK Line 801)
